## ABOUT ME

---

- **Academic Qualifications:**

Bachelor's degree in Computer Science and Artificial Intelligence from Benha University, earned in 2023.

- **Technical Skills:**

Proficient in web development, with expertise in designing and developing websites using HTML, CSS, and JavaScript.

Skilled in front-end development techniques, including Bootstrap for responsive design.

Knowledgeable in back-end development, particularly in Python.

Completed courses and projects in machine learning, gaining experience in model training and predictive analytics.

- **Work Experience:**

Engaged as a Freelancer on a freelance job website since 2021, honing my skills in Python development through various projects.

- **Academic Projects:**

Successfully executed a Graduation Project focused on utilizing hand gestures to teach children how to write Arabic letters and numbers correctly. Presented the project with technical explanations to faculty and students.

- **Certifications:**

Completed the UI/UX (frontend) developer track from "ITI Tech-Leaps (online)" in October 2022.

- **Languages:**

Native proficiency in Arabic.

Proficient in reading, writing, and speaking English.

- **Current Studies:**

Currently enrolled in the ITI 9-month Open Source Track, where I am gaining further insights and expertise in Python development and open-source technologies.

- **Additional Details:**

Capable of working independently and thriving in a freelance work environment.

Effective communication skills enable me to understand and fulfill client needs.

Strong time management and project organization abilities ensure the achievement of specific goals.

## SKILLS

---

★★★★★ Python  
★★★★★ HTML  
★★★★★ CSS  
★★★★★ JavaScript  
★★★★★ BootStrap  
★★★★★ Angular  
★★★★☆☆ MySQL  
★★★★☆☆ Flask  
★★★★☆☆ Django  
★★☆☆☆☆ NodJs  
★★★★☆ C++  
★★★★☆☆ MongoDB  
★★★★☆ Critical thinking and problem solving  
★★★★☆ Teamwork  
★★★★☆ Effective Time Management  
★★★★☆ Ability to Multitask  
★★★★★ Microsoft Office  
★★☆☆☆☆ Machine Learning
